1 Summary of Performance

1.A Introduction

This Budget Implementation Report for Zamfara State is prepared quarterly and issued within 30 days from the end of each quarter.

This report includes the original approved budget appropriations for the year 2026 against each organisational unit for each of the core economic classifications of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter Q1, attributed to each organisational unit, as well as the cumulative expenditures for the year to date, and balances against each of the revenue and expenditure appropriations.

At the end of the first quarter, it was observed that some revenue economic line items had already overperformed, which is quite encouraging. Also, many revenue economic line items have zero performance. This will be reviewed during the budget amendment processes.

This Q1 report is assessed against the 2026 Original budget.

The core economic classifications, as per the National Chart of Accounts (NCOA), refer to:

- Revenue – Economic Account Type 1
- Personnel Expenditure – Economic Sub-Account Type 21
- Overheads Expenditure - Economic Account Class 2202
- Capital Expenditure - Economic Sub-Account Type 23
- Other Expenditures (covering Loans, Grants and Contributions, Subsidies, Debt Service and Transfer Payments) - Economic Account Classes 2203-2209 as applicable

This report includes, in sections 3 and 4, detailed reports on Primary Healthcare and Basic Education expenditures, respectively.

This Budget Implementation Report is produced by the Ministry of Budget and Planning in collaboration with the Office of the Accountant General and State Internal Revenue Service and published via both the State Government official websites and that of the Ministry of Budget and Planning as well as the Accountant General (www.zamfara.gov.ng, www.accountantgeneral.zm.gov.ng, www.ministryofbudget.zamfara.gov.ng).

1.B Revenue Performance

Revenue sources for Zamfara State include both Recurrent Revenues and Capital Receipts. The recurrent revenue for Zamfara State is sourced from two main streams: **External Revenue** and **Internally Generated Revenue (IGR)**.

External Revenue typically comprises allocations from the Federation Account, including Statutory Allocation, Value Added Tax (VAT), Exchange Gain, Excess Crude Oil receipts, among others. These funds are distributed to states according to a formula determined by the Revenue Mobilisation and Fiscal Commission, as enshrined in the Constitution of the Federal Republic of Nigeria.

Internally Generated Revenue (IGR), on the other hand, refers to the revenue independently raised by the State through the enforcement of laws enacted by the State House of Assembly.

External Revenue Performance

The external revenue projection for the 2026 fiscal year was estimated at **₦324,652,711,000.00**. This amount represents the expected recurrent revenue from the Federation Account (FAAC share). During the first quarter of 2026 (January–March), the total amount received from this revenue source was

₦49,245,409,669.57, representing **15.2%** of the projected FAAC revenue for the year. Although the performance was below the proportional expectation of **25%** for the quarter, this is due to the non-performance of some of the projected other FAAC receipts.

Internally Generated Revenue Performance

The total Internally Generated Revenue (IGR) projected for the 2026 fiscal year is **₦40,064,589,000.00**. In the first quarter (January–March), the State generated **₦8,058,114,155.67**, representing **20.1%** of the annual IGR projection.

This performance is relatively encouraging, as it reflects ongoing efforts to strengthen independent revenue sources within the State. It is also close to the proportional quarterly benchmark of **25%**.

The overperformance recorded under revenue code **12020490 (Zamfara Transport Authority Fees)** is attributable to recent government interventions in the State’s transport sector. His Excellency, the Executive Governor of Zamfara State, procured additional buses (**Bazamfara**), which are now deployed to convey passengers within the State capital and surrounding communities at an affordable fare of **₦200**.

The availability and affordability of these services have significantly increased patronage, as many residents rely on the buses for daily commuting. Students at Federal University Gusau make extensive use of the service for transportation to and from the University, thereby contributing to the improved revenue performance.

Capital Receipts Performance

The 2026 budget projects total capital receipts of **₦506,619,700,000.00**, comprising **₦138,300,000,000.00** from Aid and Grants and **₦368,319,700,000.00** from Capital Development Fund (CDF) Receipts.

In the first quarter of 2026 (January–March), the State recorded actual collections of **₦3,039,643,058.33** from Aid and Grants, representing **2.2%** of the annual projection. Similarly, actual collections from CDF Receipts amounted to **₦753,380,098.58**, representing **0.2%** of the total projected amount for the year. This was primarily because most of the anticipated Aid and Grants are scheduled to materialise during the second and third quarters of the year. Furthermore, the government did not secure any commercial bank loans within the reporting period.

1.C Recurrent Expenditure Performance

The recurrent expenditures of the Zamfara State Government consist of the payment of staff salaries and allowances, pensions and gratuities, daily operational (overhead) expenses, and the servicing of both internal and external loans.

It is a common fiscal practice for recurrent revenues to exceed the state’s recurrent needs. Consequently, the excess recurrent revenue is transferred to the Capital Development Fund to implement projects and programmes that directly address the yearnings and aspirations of the citizens.

Personnel Costs

In the 2026 Approved Budget, a total sum of **₦48,008,900,000.00** was earmarked for personnel costs. During the first quarter of the year (January–March 2026), the sum of **₦12,125,918,232.32** was expended on the payment of salaries, allowances, pensions and gratuities. This represents **25.3%** of the total amount projected for personnel costs for the 2026 fiscal year, reflecting improved systems and processes around the budget.

Overhead Costs

Similarly, a total of **₦75,922,070,000.00** was allocated for overhead costs in the 2026 budget. For the period under review, the amount spent on overhead costs was **₦5,497,259,432.56**, which accounts for **7.2%** of the budgeted for overheads.

Other Recurrent Costs (Including Debt Servicing)

Furthermore, out of the **₦25,915,500,000.00** budgeted for other recurrent costs (including debt servicing), **₦3,132,073,620.72** was expended during the period under review, representing a **12.1%** performance.

The notable reduction in recurrent expenditure reflects the administration's commitment to prudent financial management and a deliberate shift towards prioritising capital development projects and programmes. This approach underscores a strategic reallocation of resources to sectors that yield long-term value.

Such fiscal discipline is intended to improve the living standards of the people of Zamfara State by emphasising investments with direct and measurable socio-economic benefits.

Regarding instances of overspending by some MDAs against their 2026 approved provisions, it should be noted that, during the preparation of the 2026 budget, the Ministry of Budget and Planning was directed to undertake a comparative analysis of MDAs' performance for the 2024 and 2025 fiscal years.

This exercise involved reviewing the actual expenditures recorded under relevant economic codes across the two years and subsequently assigning budgetary provisions for 2026 based on the observed performance trends. This is why many economic codes were not allocated provisions in the 2026 approved budget, while MDAs are submitting requests for virement or additional provisions.

1.D Capital Expenditure Performance

The Government of Zamfara State remains steadfast in its commitment to addressing the prevailing socio-economic challenges confronting the State, including insecurity, food insufficiency, poverty, unemployment, and underemployment.

In furtherance of this objective, a total sum of **₦721,490,530,000.00** was allocated to capital expenditure in the 2026 fiscal year, out of the approved budget of **₦871,337,000,000.00**. This significant allocation underscores the Government's strategic emphasis on capital investment as a catalyst for economic growth and sustainable development. Through the effective implementation of targeted programmes and projects, the Government aims to stimulate economic activities, expand livelihood opportunities, enhance food security, reduce poverty and unemployment, and ultimately improve the overall standard of living of the citizens.

During the first quarter under review, total capital expenditure amounted to **₦28,990,950,770.37**, representing **4.0%** performance against the annual capital budget across all sectors. The relatively modest level of performance recorded within the period is largely attributable to the fact that many capital projects were still at various stages of the procurement process. It is anticipated that mobilisation payments for these projects will commence in the subsequent quarter, while substantial disbursements for ongoing projects are expected to materialise in the third quarter, following the attainment of key execution milestones.

1.E Conclusions

Despite the economic downturn and current security challenges in the state and transition activities, the Zamfara State Government is committed to providing socioeconomic benefits to its citizenry. The government has recently fashioned out its policy trust, viz.:

- Creating sustainable development in urban and rural areas through the construction of accessible road networks, achievement of universal basic education, improvement of healthcare facilities to reduce diseases and mortality, and provision of basic social services, including potable water, electricity, affordable housing, etc.
- Redefining the government's role in the economy by privatising/commercialising state-owned companies and changing the value and cultural system towards entrepreneurship.
- Ensuring good governance by carrying out budgetary and public finance reforms, promotion of transparency and accountability in governance (Due process), as well as provision of security for lives and properties.

The establishment of small and medium-scale agro-allied industries geared to provide job opportunities and act as catalysts for the growth of the agricultural sector, harmonising mining activities in the state, and inviting private investors to participate, especially in iron and gold. In conjunction with other developmental

sub-sectors, raise the living standard of rural farmers through a coordinated program of provision of social and economic infrastructure such as roads, potable water supply, electricity, health care, and education.

4 Primary Healthcare Budget Performance

4.A Overview

Primary Health Care (PHC) was allocated a total of **₦36,495,105,141.11** in the **2026 Original Budget**. For the quarter under review, 2026 quarter 1, the budget performance for the sub-sector was captured at only **₦355,541,709.99** (representing **1.0%** of the PHC budget).

The State government is committed to enhancing Primary Healthcare service delivery; therefore, budget performance is expected to improve drastically in the subsequent quarters.

5 Basic Education Budget Performance

5.A Overview

Basic Education (BED) was allocated a total of **₦1,826,456,311.80** in the **2026 Original Budget**. For the quarter under review, 2026 quarter 1, a total expenditure of **₦172,028,687.84** (representing **9.4%** of the BED budget) was reported. It should be noted that there is no capital expenditure budgeted in the Basic Education sector. The performance of the sub-sector is expected to improve in the subsequent quarters.
